

Statement of Attainment in S2/S3 Pharmacy Training (SIRCIND002)

Ensure your staff are up to date with their accredited training.

Learn the roles and responsibilities of selling pharmacy medicine (S2) and pharmacist-only medicine (S3). Understand questioning protocols and know when to refer to the pharmacist. Also learn about giving relevant healthcare self care advice to clients. This unit meets QCPP Refresher Training needs of 3 hours.

Course Description

Who is the course suited to?

Pharmacy and Pharmacy Dispensary Assistant.

Why study this course?

- Identify customers needs, develop product knowledge
- Provide product, lifestyle and self care advice under supervision of the pharmacist
- Have an understanding of legislation and industry standards

Benefits to you and your pharmacy

This training meets the annual refresher requirement for the Quality Care Pharmacy Program (QCPP), and will assist your staff to have an understanding of legislation and industry standards. This unit can help:

- Ensure that customers are referred to the pharmacist where required
- Ensure customers use their products safely and effectively
- Build confidence in the communications of the pharmacy assistant with the customers.

Core Unit

SIRCIND002 Support the supply of Pharmacy Medicines and Pharmacist Only Medicines
